DISC PROFILE @ 1000

Personality & Behavior

Dr. William M. Marston was a psychologist and an anthropologist who after studying thousands of human behaviors and their personalities, developed the concept of DISC profile. It divides the human personalities into 4 categories i.e. Dominant, Influential, Steady & Compliant. DISC profile has been in use for many years for multiple purposes like sales, marketing, management, HR, alliances etc.

DOMINANT

Eagles are dominant, stimulated by challenge, decisive and direct. Eagles can be blunt/stubborn, can lose sight of the big picture and can be insensitive to other people's needs. Eagles are natural achievers.

COMPLIANT

The owl is logical, mathematical minded, methodical and seen as a perfectionist. The owl can be slow to make decisions and inflexible if rules and logic says otherwise. Owls are not big risk takers but love detail.

INFLUENCE

The peacock loves to talk & enjoys being the center of attention. Has enthusiasm and is happy & optimistic. Peacock can be accused of talking too much, and aren't good with detail or time-control.

STEADY

The dove is people-oriented, loyal, friendly, hard working and a great team player but tends to avoid change, confrontation, risk-taking and assertiveness.
